MAHENDRA CHIRAVANDE

SOFTWARE DEVELOPER | ASSISTANT PROFESSOR

Motivated Software Developer with 1+ year of experience in building scalable web and desktop applications using Java, Hibernate, MySQL, and modern web technologies. Currently working as Assistant Professor at **SKHMC Art's Science College, Nandurbar** and leading **Yuusha Tech Software** – a new startup focused on delivering innovative digital solutions. Passionate about clean code, problem solving, and continuous learning.

PROFESSIONAL EXPERIENCE

ASSISTANT PROFESSOR

09/2025 – Present

SKHMC Art's Science College, Nandurbar

- Teaching undergraduate students in Computer Science and guiding them in practical and project-based learning.
- Designing curriculum-aligned lesson plans and delivering effective classroom sessions.
- Mentoring students for academic projects, skill development, and placements.

SOFTWARE DEVELOPER

08/2024 – 08/2025

Suma Soft, Pune

- Designed, developed, and maintained web and desktop applications using Java, Hibernate, and MySQL.
- Implemented CRUD operations, optimized database performance, and ensured application security.
- Created responsive UI components using HTML5, CSS3, Bootstrap, and JavaScript.
- Collaborated in Agile environment, participated in code reviews, and delivered high-quality solutions within deadlines.

FOUNDER & DEVELOPER

05/2026 – Present

Yuusha Tech Software (Startup)

- Founded Yuusha Tech Software to deliver innovative web applications and digital solutions.
- Leading end-to-end development, client handling, and solution architecture.
- Focus on building scalable, user-centric, and performance-driven products.

PROJECTS

Smart Learn with Mahi – AI Learning Platform

<https://smart-learn-with-mahi.lovable.app/>

An interactive learning platform offering AI-powered assistance, video lessons, and personalized study materials.

Tech Stack: React JS, Tailwind CSS, Firebase, AI API

Features: AI tutor, resource library, progress tracking, responsive design

Impact: Enhances learning experience through intelligent support and structured content.

Precise Data Link – Travel Management System

<https://precise-data-link.lovable.app/travel-auth.html>

A comprehensive travel management system for plan creation, bookings, and user management.

Tech Stack: React JS, Node JS, Express JS, Firebase, Supabase

Features: User authentication, trip planning, booking management, real-time updates

Impact: Streamlines travel operations and improves user convenience.

AI Healthcare System

<https://happytravel-bot.lovable.app>

An AI-powered healthcare platform that provides smart medical assistance and management.

Tech Stack: React JS, Node JS, Express JS, Firebase, Supabase

Modules: Patients • Doctors • Appointments • Prescriptions • Billing

AI Features: Symptom Checker • Disease Prediction • Medicine Suggestions

Impact: Delivers intelligent healthcare support and improves patient experience.

University Website (Large Scale Project)

(Confidential – Available on Request)

Developed a large-scale, fully responsive university website with comprehensive modules.

Tech Stack: React JS, Node JS, Express JS, Supabase

Features: Academic info, admission portal, event management, notice board, admin dashboard

Impact: Digitized university operations and improved communication across stakeholders.
